Mechanical hardware solution

Project Details

Located in the administrative gateway of Hanoi, Vinhomes Green Bay is considered as a green bay within the city. Vinhomes Green Bay - The Residence consists of 3 luxury and modern buildings of 36 to 40-stories high. Citizens of Vinhomes Green Bay - The Residence will enjoy the fresh air covered in lush green. From the window of the apartment, there is wind, sunshine, air and the natural color of trees and water. Each apartment has a balcony offering 360 degree views to the large bay area and National Convention Center. The highlight of Vinhomes Green Bay - The Residence is in the shophouse system located on the 1st floor of the building, bringing various experiences which include shops and gourmet restaurants.

Solution

Mechanical hardware included hinge, mortise lock, cylinder and accessories
